Honors Mrs. Decker.

The Colorado senate recently refused to confirm the civil service commissioners appointed by former Governor Buchtel. The commissioners thereupon placed their resignations in the hands of Governor Shaffroth, who reappointed Commissioner Van Kleeck and Commissioner Brock and appointed in place of Commissioner Parshing, whose term would have expired next July, Mrs. Sarah Platt Decker as the new Democratic member of the commission. These appointments were confirmed by the

senate on February 20. Mrs. Decker has for many years been a vice president of the Colorado Civil Service Reform association and the president of the General Federation of Women's clubs. At present she is a chairwoman of the National Committee on Civil Service Reform of the Federation of Women's clubs. The Pasadena (Cal.) Exchange says:

"One of the earliest pioneers of Pasadena, William F. Hayes, died at the Pasadena hospital from complications resulting from an attack of pneumonia. Mr. Hayes was in his eightieth year and is survived by his widow, a daughter and three sons.

"William F. Hayes was one of the best known, highly respected and prominent business men of this community in its early days and since retiring from active business has led a retired life of well-earned quiet. He came to California in 1875 from Hopkinsville, Ky., where he was born."

\$500,000 FOR DR. ELIOT.

Graduates of Harvard Make Gift to Retiring President.

Cambridge, Mass., June 30.—Coincident with the announcement that Dr. Charles William Eliot had been made president emeritus of Harvard, came the official statement that the venerable ex-president of the university would be presented tomorrow with a fund of nearly \$500,000.

The creation of the fund as a mark of appreciation of Dr. Eliot as a man and educator, has been in progress since a few weeks after the president had made it known that he was soon to resign, but there has been no hint as to the large proportion that is assuming.

The subscriptions, it is understood, are entirely from graduates and under graduates of Harvard.

Another report says that the present would be a trust fund of \$150,000 contributed by more than 2,000 Harvard men, thirty of which gave \$1,000 each.

Egyptian Crop Early.

The Alexandria General Produce association reports on the Egyptian crop as follows:

"With the exception of a few days which were rather cool the temperature in May has been generally very favorable to the crop and the plant has largely benefited by it. Even in the localities where rearing has been necessary the fields have a satisfactory appearance. Everywhere the plant looks sound and vigorous and is considered about ten days earlier than in 1908. Some appearances of worms have been noticed in isolated localities, but so far they have no importance. Anyhow, the government has taken serious steps to fight them, as they did two years ago. Information from Upper Egypt is as satisfactory as that received from Lower Egypt."

REMINGTON SHOP CLOSED.

Will Remain So Until Dispute With Men is Settled.

Utica, June 30.—Notice was posted in the Remington typewriter works at Utica today that commencing with July 1 the establishment would be closed until further notice. The typewriter works employ 2,100 people and the weekly payroll is about \$30,000. Some time ago the company attempted to introduce a machine for accomplishing a part of the work of aligning the letters on the type bar of the machine. The men engaged in alignment objected to this and struck, and shortly thereafter the assemblers quit work.

Conferences have been held between the company and the striking workmen, but they have not resulted in healing the differences, and the shutdown is the result. It is understood the company will not reopen the factory until it can do so under its own plan.

Notice.

The meeting of Evergreen Grove No. 13, W. C., which was to have been held Wednesday afternoon has been called off by order of the worthy guardian.
